## MARKET CHOICES SYMBOL AND STATEMENT

The Market Choices symbol and statement provide a clear way to identify hybrids and varieties that have not yet been approved for import into the European Union and work in conjunction with the National Corn Growers Association's "Know Before You Grow" information campaign.

Grain harvested from products that bear this mark is fully approved for food and feed use in the United States and Japan, but is not approved in the European Union. You must find a market for this crop that will not ship this grain or its processed products to Europe. Appropriate markets for this grain include: domestic feed use or grain handlers that specifically agree to accept this grain and handle it appropriately. For more information on your grain market options, go to the American Seed Trade Association's website at [www.amseed.org](http://www.amseed.org) or call your seed supplier.

MARKET CHOICES is a certification mark used under license from ASTA.

**Know Before You Grow**, an information service provided by National Corn Growers Association at [www.ncga.com](http://www.ncga.com).

Growers should refer to Monsanto's Technology Use Guide for information on crop stewardship regarding the potential movement of pollen to neighboring crops. ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. For more information call 1-866-SELL CORN.
